# Before you collaborate

A little bit of preparation goes a long way with this session. Here’s what you need to do to get going.

 10 minutes

A

## Team gathering

Define who should participate in the session and send an invite. Share relevant information or pre-work ahead.

B

## Set the goal

Think about the problem you'll be focusing on solving in the brainstorming session.

C

## Learn how to use the facilitation tools

Use the Facilitation Superpowers to run a happy and productive session.

1

# Define your problem statement

What problem are you trying to solve? Frame your problem as a How Might We statement. This will be the focus of your brainstorm.

 5 minutes

PROBLEM

DETECTION OF  
PARKINSONS DISEASE

## Key rules of brainstorming

To run an smooth and productive session

Stay in topic.

Encourage wild ideas.

Defer judgment.

Listen to others.

Go for volume.

If possible, be visual.

# Brainstorm

Write down any ideas that come to mind that address your problem statement.

 10 minutes

TIP

You can select a sticky note and hit the pencil [switch to sketch] icon to start drawing!

Reshma

search for appropriate datasets	Store the user information securely	can Study the data of patients and their history to find out common patterns
provide the severity of parkinson	List Out the symptoms	Case discussion

Praveen Raja

Factors about the disease be analysed	Focus on developing symptoms	Acquire effective result with most earliest stage of disease
Need to datamine	collect and organise the data	Analyse the patients medical history

Sandhiya

create user friendly and appealing GUI for the users	Analyse behaviour changes of each user with affected ones	Examine the pre existing solutions
Avoid type II errors	Details how to use the page	correlate between the symptoms

Rinisha

Go through various research papers	Need of Accurate results	Develop a new Dataset by examining existing datasets
know the risk of disease	information about condition that can develop into parkinson	validate and aauthenticate user properly

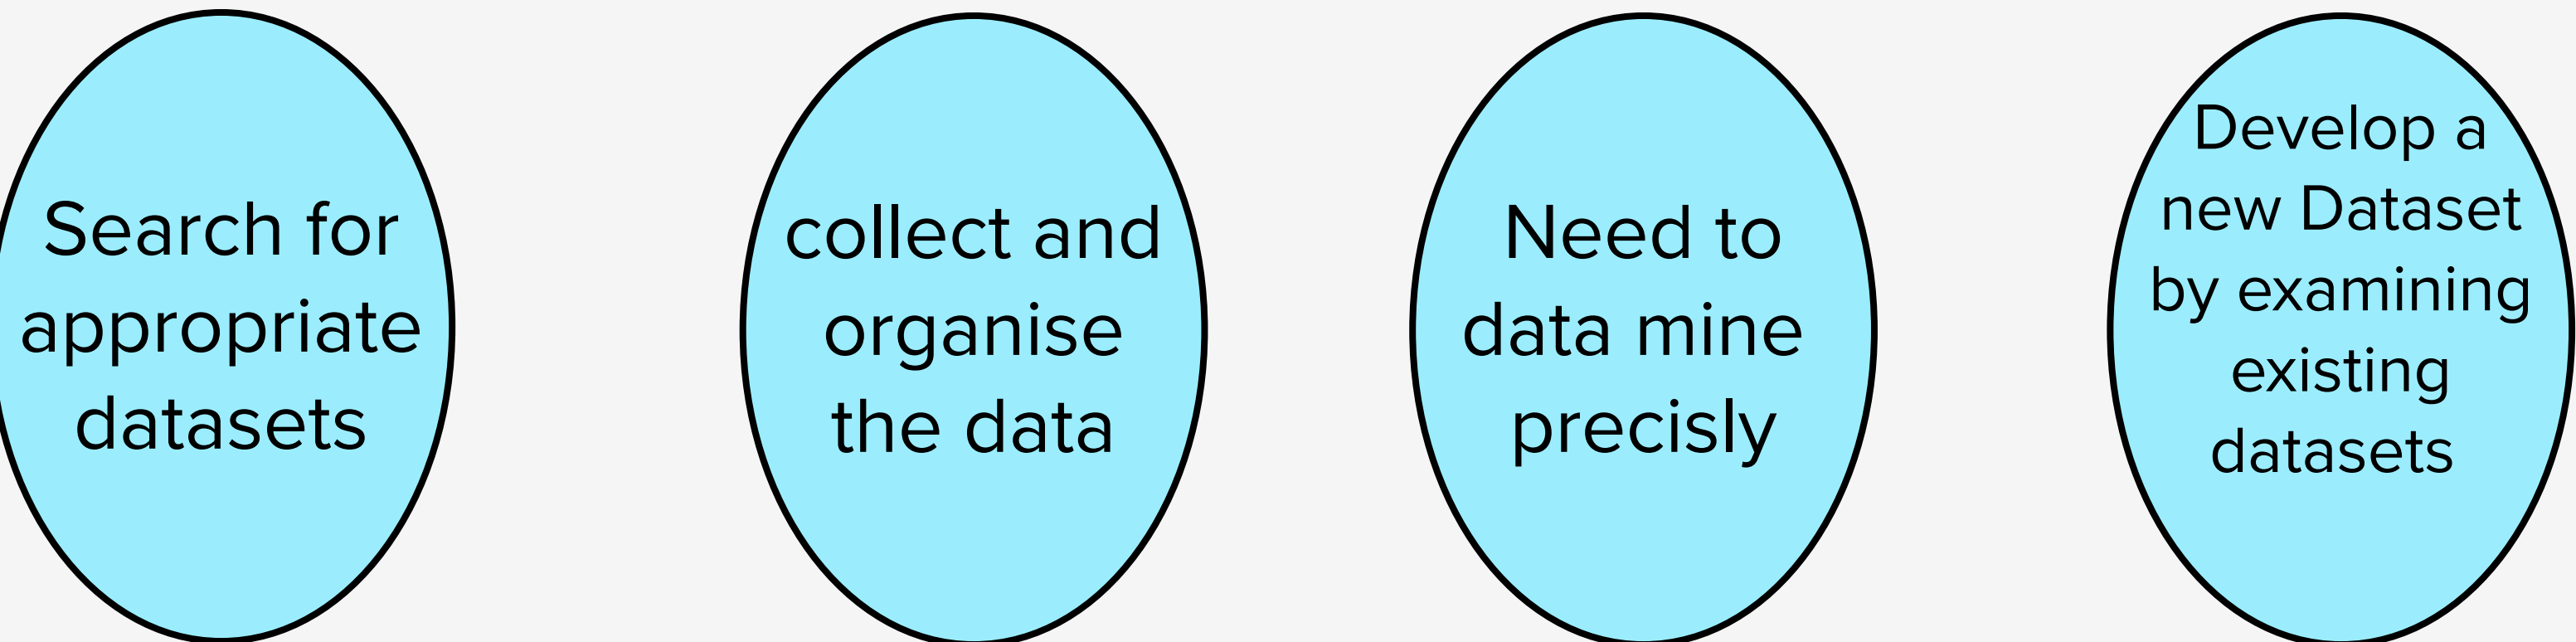

Group ideas

Take turns sharing your ideas while clustering similar or related notes as you go. Once all sticky notes have been grouped, give each cluster a sentence-like label. If a cluster is bigger than six sticky notes, try and see if you can break it up into smaller sub-groups.

🕒 20 minutes

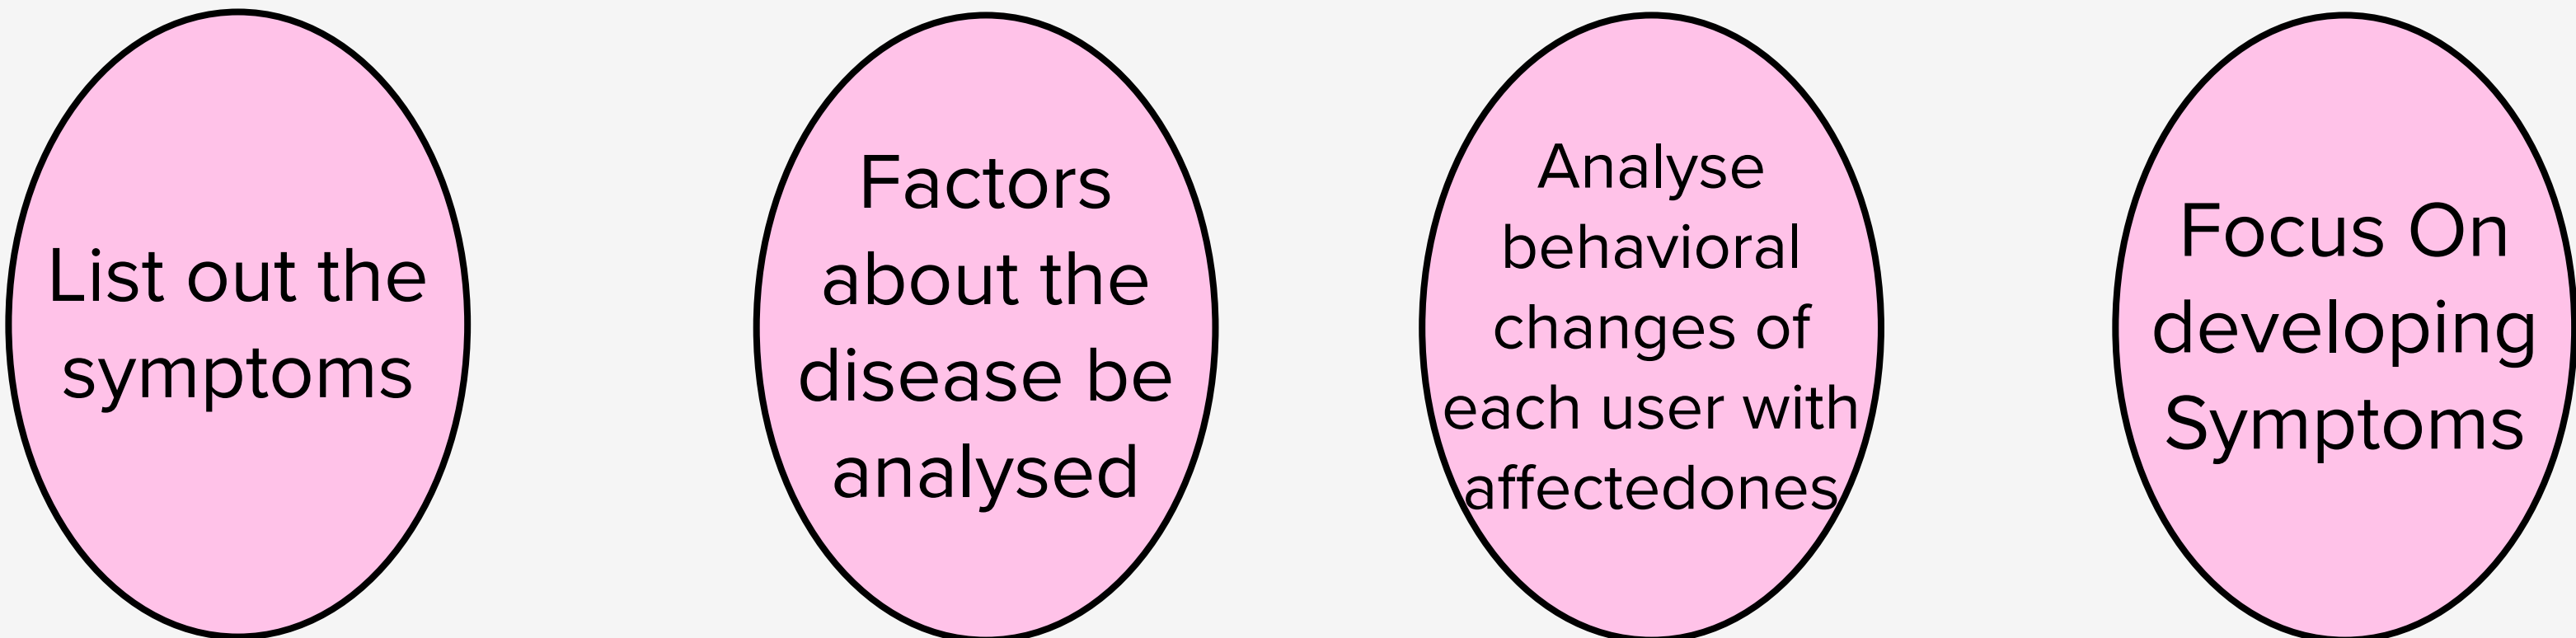

DATASET COLLECTION...

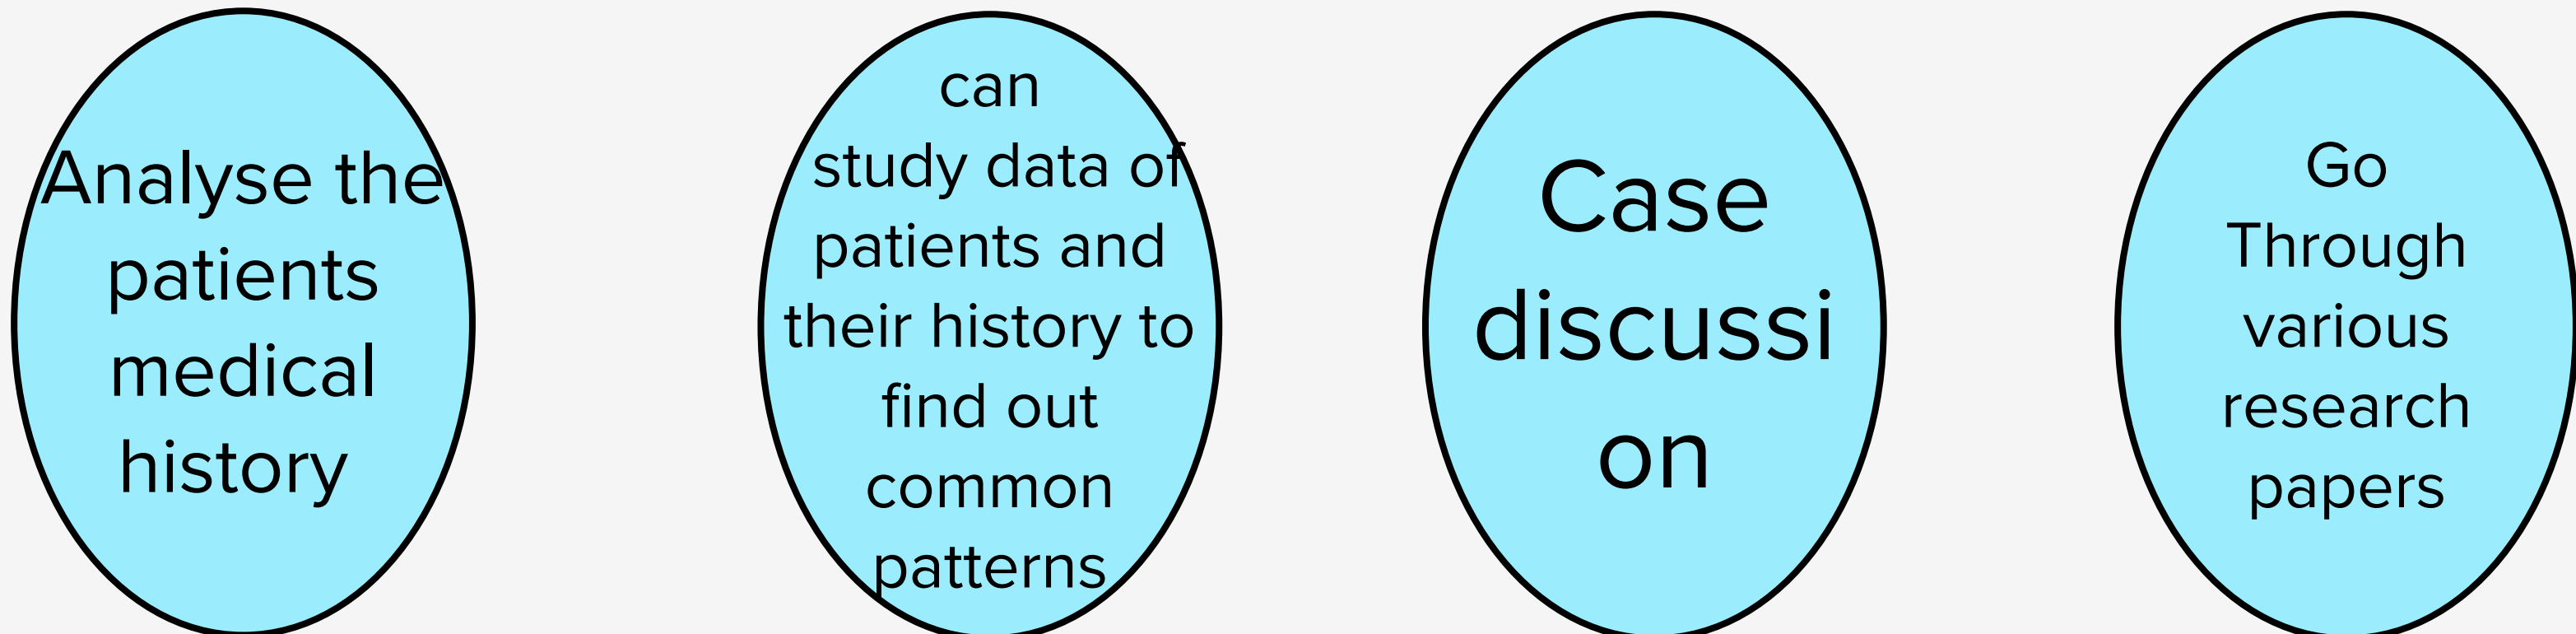

**TIP**

Add customizable tags to sticky notes to make it easier to find, browse, organize, and categorize important ideas as themes within your mural.

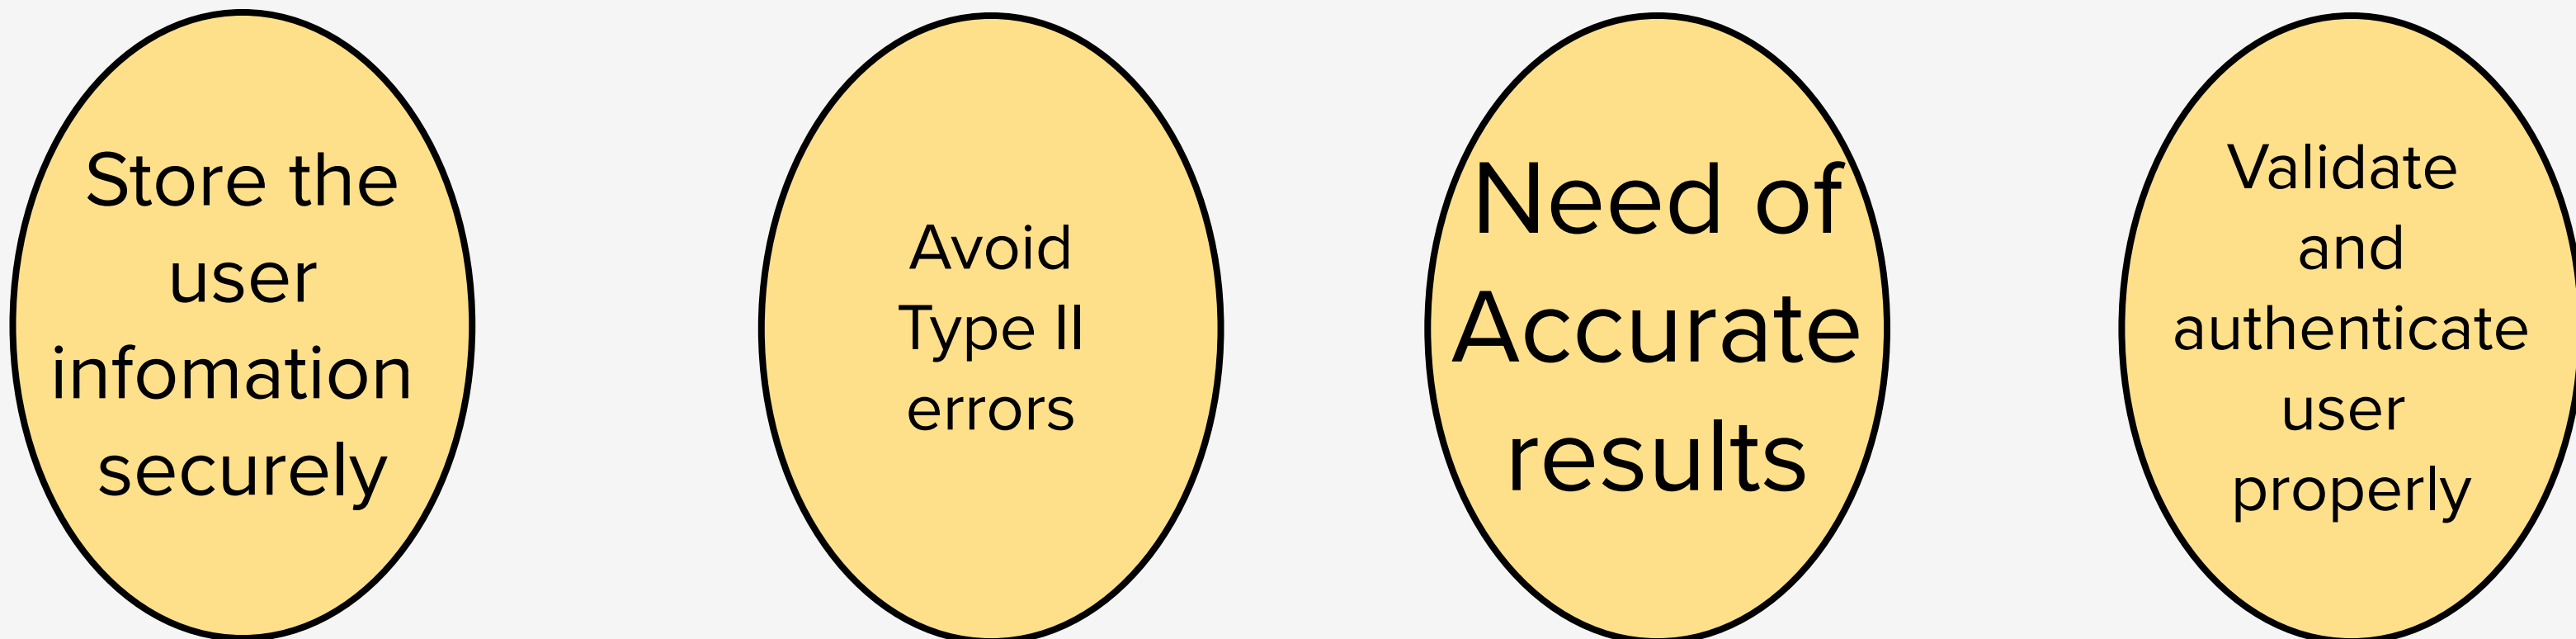

IDENTIFICATION OF CONDITION

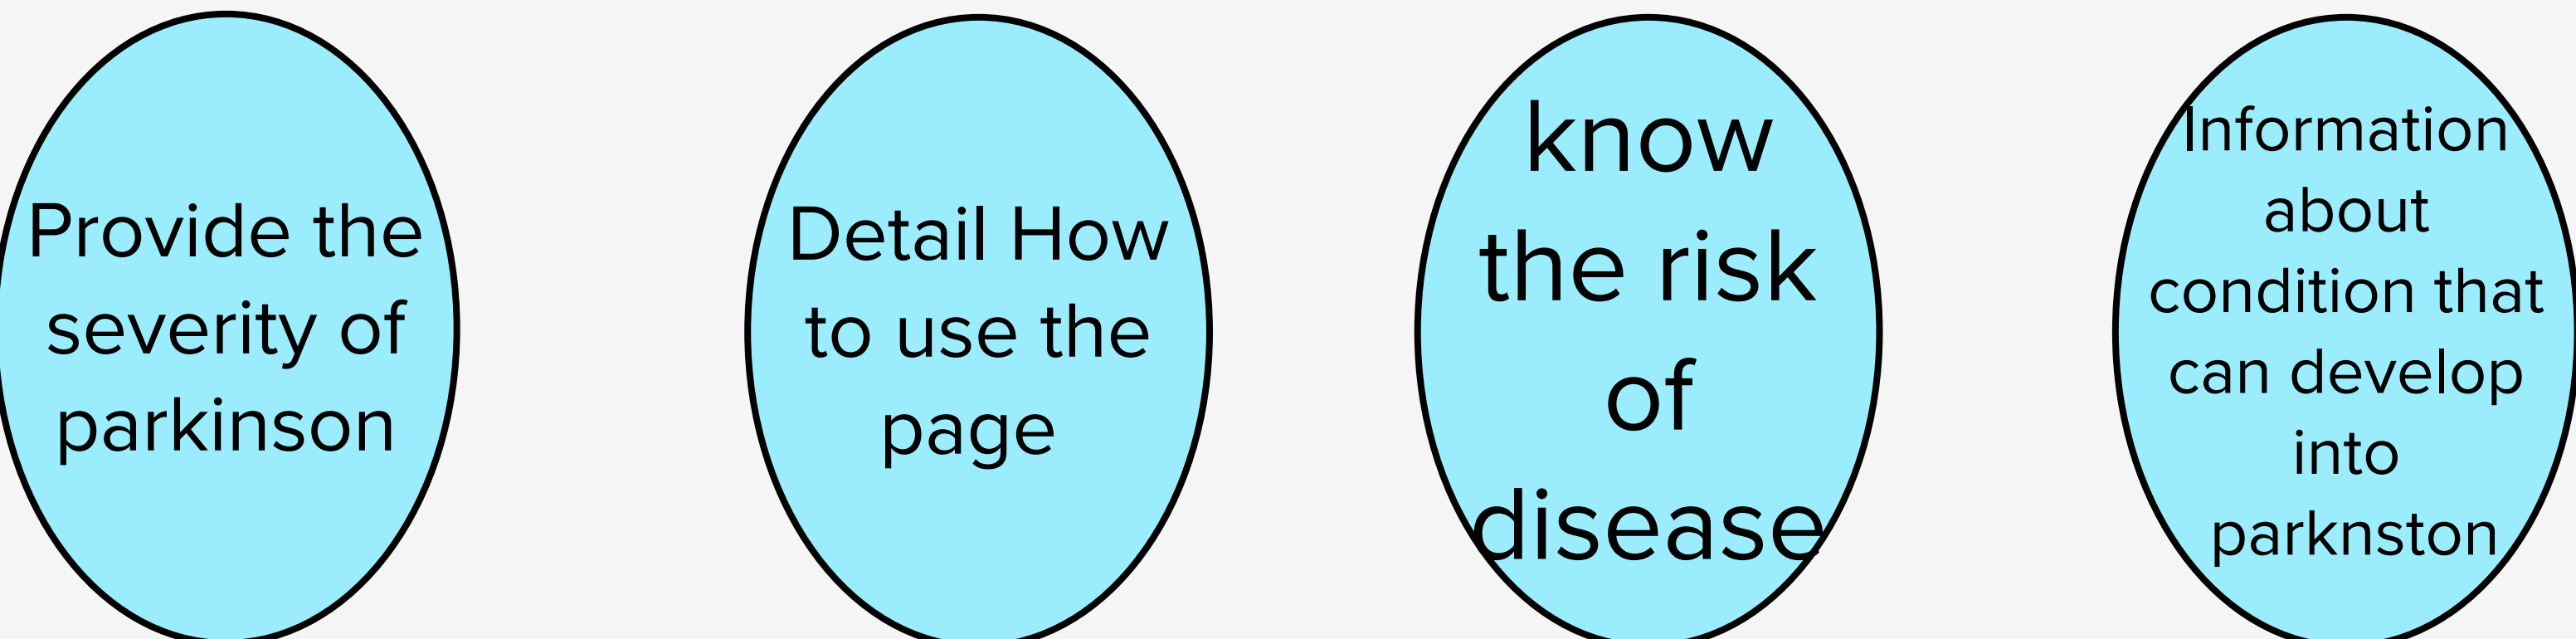

Approach to Arrive solution

IMPORTANT NEEDS TO ACHIEVE

USER REQUIREMENTS

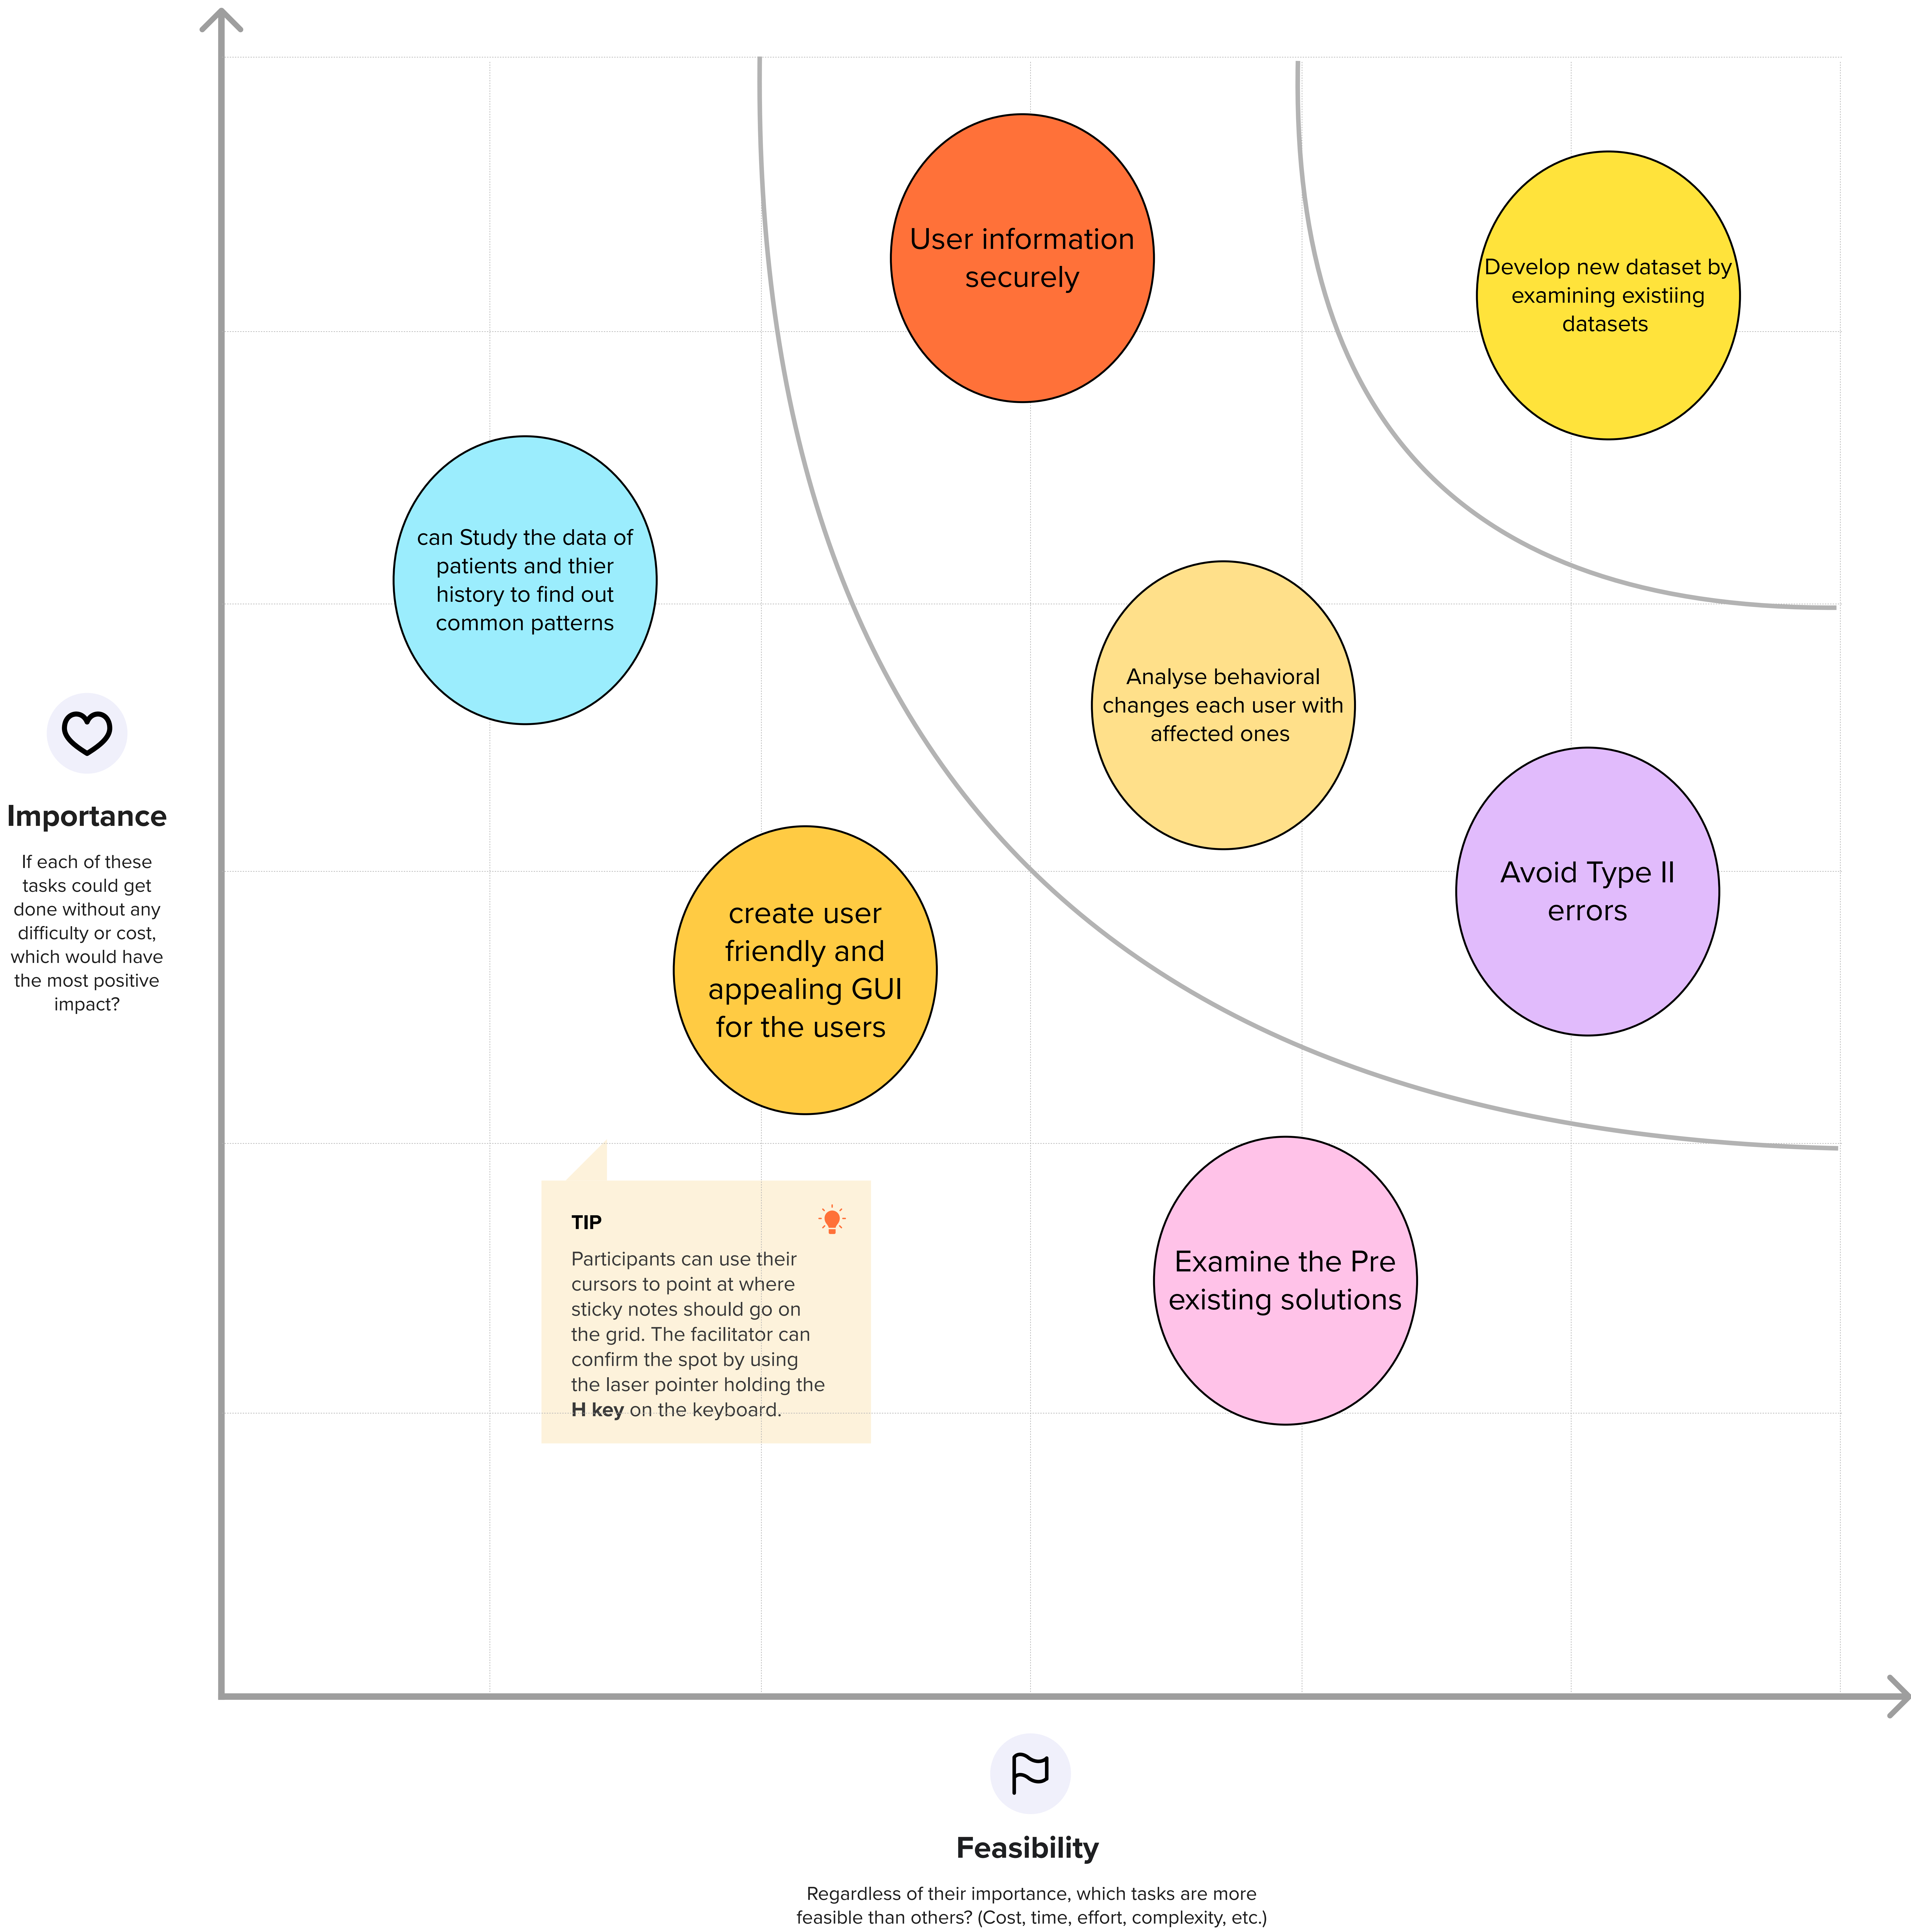

Prioritize

Your team should all be on the same page about what's important moving forward. Place your ideas on this grid to determine which ideas are important and which are feasible.

🕒 20 minutes

## After you collaborate

You can export the mural as an image or pdf to share with members of your company who might find it helpful.

---

### Quick add-ons

- A

**Share the mural**  
**Share a view link** to the mural with stakeholders to keep them in the loop about the outcomes of the session.
- B
